# EASTEX RUBBER & GASKET

is here to make your job easier with the quality products & services you need. Our business model still puts the customer first!

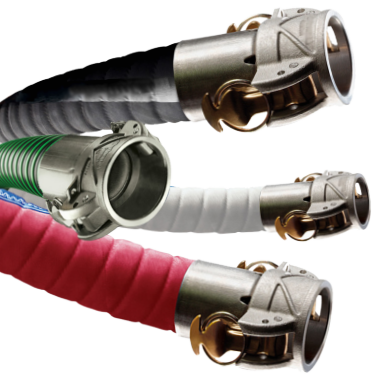

## GASKETS

Standard Flange Sizes & Custom Shapes along with spiral wound & metal gaskets. Gaskets cut from all materials: rubber, compressed sheet, gylon, PTFE, graphite, and much more!

## HOSE

Industrial - Hydraulic - Metal Custom assemblies & pressure testing for all applications including air & water, petroluem, chemical, high pressure & more!

## STUD BOLTS & ROD

ASTM specifications & standard coatings as well as various materials to satisfy a variety of applications!

## INDUSTRIAL SUPPLY

We offer much more than what's in our name! Call us for hose reels - expansion joints - packing & seals - welding blankets & curtain - adhesives & sealants - couplings & fittings - PTFE & other plastics - and so much more! If you need, we will get it.

## VALUABLE CAPABILITIES

Eastex Rubber & Gasket has sophisticated capabilities including waterjet cutting, hose crimping, bolt cutting, industrial sewing, hydrostatic hose testing, and more. You can trust us for precise workmanship every time!

Proud of, and grateful for,  
The United States  
of America
